Mountain Cheer All Stars complete season; accepting new cheerleaders

Mountain Cheer All-Stars competed in five competitions this year ranging in location from Nashville, TN to Asheville, NC to Atlanta. Through sickness, routine changes, and injuries, the girls worked extremely hard and made serious improvement throughout the season, with their highest finish of second place. They finished the season getting to work out with some of the cheerleaders from Young Harris College's nationally ranked competition team, as pictured above. Mountain Cheer All-Stars is still accepting new cheerleaders on Tuesday and Thursday nights from 7-9 p.m. Any girls that are upcoming 6th - 12th graders that are interested in competing can come by Mountain Gymnastics Center to get more information. No experience is needed, just a good attitude and a willingness to work hard.

Davenport rules Twin 25 features at 311 Motor Speedway

By Gene Murphy

Pine Hall, NC - Jonathan Davenport proved that double the races can just mean double the fun.

The Blairsville, GA, native dominated both of the Ultimate Super Late Model Series Twin 25 features at 311 Motor Speedway Saturday night. The 30-year-old racer has been enjoying a career year in 2014 and is showing no signs of slowing down anytime soon.

Davenport grabbed the pole position for the first feature after topping a list of 21 entrants in time-trial qualifying with a lap of 16.288 seconds. He led a three-car contingent of Longhorn Chassis with his fast lap, beating out Dennis "Rambo" Franklin of Gaffney SC, and a Sprint Cup Series race winner in Justin Labonte, the son of two-time NASCAR Sprint Cup (then Winston Cup Series) Champion Terry Labonte, of Trinity, NC, for the top spot.

In the first feature, he immediately jumped out to the lead at the drop of the green flag and refused to share the view out front with anyone. In leading every lap of the first 25-lap feature, he earned a \$2,500 payday.

Finishing in the runner-up spot was G.R. Smith of Charlotte, NC. Rounding out the top five was Franklin, Jeff Smith of Dallas, NC and Labonte.

VFW Golf League news

It looked like rain on Thursday, but it held off long enough for the crafty team of Bill Kiser to win. His teammates were Glen Greenwald, Chuck Woodworth, and Ray Ward. Our next road trip will be Tuesday, July 15 at Butternut Golf Course. Do not forget this Thursday will be Hot Dogs at the Post following golf. Make a note that our Par 3 tournament will be on August 7th. All Veterans are invite to join our Golf League on Thursdays at 9 AM at Chatuge Shores Golf Course.

AW: We're guessing you would have promoted and hyped Danica Patrick unlike anything we've ever seen.

WHEELER: Danica has sold a lot of tickets, just like Janet Guthrie did [in May 1976]. When Janet qualified here [for the Coca-Cola 600] it was the biggest day we ever had. Danica is good for racing because she gives girls—notice I didn't say women, I said girls—someone to pull for. They can relate to her because she's a little-bitty thing who looks like a high school kid. When she was in IndyCar, it was like a ballet; over here, it's more like a square dance. She's good for NASCAR, no doubt about it.

Weekend Racing: Both the Cup and Nationwide teams will be on road courses. The Cup teams will travel west to Sonoma, California while the Nationwide teams are at Road America in Elkhart Lake, Wisconsin. The Trucks have an off week.

Sat., June 21, Nationwide Series race 14 of 33; Starting time: 2:30 pm ET; TV: ABC.

Sun., June 22, Sprint Cup race 16 of 36; Starting time: 2 pm ET; TV: TNT.

Racing Trivia Question: How many drivers will this year's Chase consist of?

Last Week's Question: Which Cup team does Martin Truex drive for? **Answer:** The No. 78 Cup team of Furniture Row Racing.

event, the top five finishers from the first race were inverted in the starting lineup. The remainder of the field was lined up how they finished in race one. This placed Labonte on the front row alongside Smith to bring the field to life at the wave of the green.

Smith would go on to lead lap one, but would be overtaken by Davenport from his third-row inside starting spot before reaching the flagstand to complete lap two. After getting a taste of how good the clean air out front was in the first race, Davenport wasted no time in establishing that everyone would again be eating his dust in the second main event.

Franklin would advance to the second spot, but could never mount a threatening charge on Davenport's lead. Rounding out the top five in the second feature was Smith, Brandon Overton of Appling, GA, and Doug Sanders of Springwood, NC.

"In the first one, we

started on the pole and got the jump," Davenport said. "Just ran our own line, and moved around a little bit in (lapped) traffic there to get an idea of how to adjust the car for the second race since we knew they would invert.

"In the second race, we made a really good call on tires there. This place blows so much grit we knew it would be really hard to pass the leader once we all got strung out. I wanted to get up through there as fast as I could."

In Fastrak Racing Series action, Smith and Davenport each claimed a trophy in the twin features for the crate cars.

Lug Nuts: Don O'Neal of Martinsville, IN, claimed the Lucas Oil Late Model Dirt Series "Clash at the Mag" Saturday night. The Clint Bowyer Racing/Barry Wright Race Cars house car wheelman earned \$20,000 for the win at Magnolia Motor Speedway in Columbus, MS.

Johnson gets win number three

Jimmie Johnson has now won three of the last four Sprint Cup races. His latest win came Sunday, and was his first at the Michigan track.

Johnson, who led 39 laps of the 200-lap race, pitted for the last time on lap 164. He regained the lead with five-to-go, and from that point on, it was no contest.

"We've tried a long time to win this race and today we did it," said Johnson. "We had an awesome car. I'd have to say it was a picture perfect race. Everyone did a fantastic job and the car ran great the entire race."

Polesitter Kevin Harvick, who led the most laps (63) finished second, 1.214 seconds back. "The car was good at times, and then the handling went away," said Harvick. "We had some good runs, and some that was not so good. We needed a little something that we didn't have there at the end."

Brad Keselowski ran up front most of the day and came in third. "Man, I was trying to drive the wheels off," said Keselowski. "I knew we didn't have a first-place car, but I knew it was a third or fourth-place one. We were in a good position to win. Obviously, we've got to do a little more work to keep up with those guys."

Paul Menard, winner of Saturday's Nationwide Series race finished fourth. Kasey Kahne was fifth, and then it was Jeff Gordon, Dale Earnhardt, Kyle Larson, Joey Logano, and Clint Bowyer.

The race started off with two separate wrecks within the first five laps.

Before the first lap was completed, Brian Vickers hit the outside wall, collecting Travis Kvapil.

Paul Menard wasn't sure he could catch leader Joey Logano in Saturday's Nationwide race before he ran out of laps. But he didn't have to worry, because with four laps remaining in the 125-lap race, Logano had a flat tire and had to pull into his pits, giving the lead to Menard.

"I was trying to run Joey down, but I wasn't having much luck," said Menard. "I really thought I had given it away on that last restart, but the best car won today. It took us about three runs (during practice) Friday to get the car dialed in. After that I felt like we had the best car."

Menard led three times for 28 laps. The win is just the second for him in the Nationwide Series. His previous win came at Milwaukee in 2006.

Sam Hornish was second, followed by Dale Earnhardt Jr., Kyle Busch, Brian Scott, Chase Elliott, Regan Smith, Kyle Larson, Ty Dillon, and Chris Buescher.

Logano did finish the race on the lead lap in the 15th spot. "I'm not sure what we could have done to prevent something like that from happening, but I sure hate to give them away like that," said Logano. "We had a fast car and I think we would have won the race if this (flat tire) hadn't happened."

Top-10 leaders after 13 of 33: 1. Smith-485, 2. Sadler-471, 3. Elliott-465, 4. T. Dillon-450, 5. Bayne-435, 6. Scott-430, 7. Gaughan-363, 8. C. Buescher-362, 9. J. Buescher-361, 10. Reed-333.

WALLACE JR WINS SECOND TRUCK RACE

Darrell Wallace Jr. won Saturday night's truck race at Texas Motor Speedway for his second career win.

The remaining top-10 finishers were: German Quiroga, Timothy Peters, Johnny Sauter, Ron Hornaday, Cole Custer, Ryan Blaney, John Wes Townley, Chase Pistone, Tyler Malsam.

Top-10 leaders after 7 of 22: 1. Sauter-261, 2. Crafton-251, 3. Hornaday-248, 4. Peters-246, 5. Blaney-244, 6. Quiroga-243, 7. Townley-234, 8. Kennedy-229, Wallace-9, 218, 10. Burton-211.

HUMPY WHEELER SPEAKS OUT

For over three decades, Humpy Wheeler was the head hon-

Jimmie Johnson gets win number three at Michigan Furnished by NASCAR

cho at Charlotte Motor Speedway, before leaving in 2008. He was considered one of the best salesmen and promoters to ever hit NASCAR.

Since his retirement from CMS, he has designed a program to help America's small race tracks. Last week he did an interview with Autoweek.

AW: What is Sprint Cup missing?

WHEELER: The most important thing is the repass, when the leader gets passed and within 20 laps he comes back to pass the new leader. That's where rubbing comes in, and you've got to have some rubbing. Nobody except TV gets excited about rubbing for seventh, so you need rubbing up front. And you need a superhero like Tiger Woods or Joe Namath, somebody like that. Walt Disney told his people to draw in a villain within the first 90 seconds. We need something like that. We need villains, but, instead, we have too many pretty boys. There just aren't any personalities.

AW: Even though things have changed, does racing still get its fair shake?

WHEELER: The media is doing a great job, but the publicity isn't as great as it was because the flower isn't blooming like it was. It was that way with the PGA and the NBA and Major League Baseball at some points. Racing is at a plateau right now like so many other sports have been at plateaus. It's a normal thing because you just can't have these 10- or 15-year periods of percentage growth like we did. I think it's about to turn the corner.
