Those involved in this remembrance include: Vince Miller, U.S. Air Force, Bill Wendel, U.S. Public Health Services/U.S. Coast Guard and U.S. Marine Corps, C. E. "Bud" Johnson, U.S. Navy Retired, Walt Scott, Marine Corps League, Bobby Jarrard, Marine

The first snowfall of the season occurred Saturday night, Dec. 1st, at the Anderson Music Hall as the Oak Ridge Boys brought their 23rd Annual Holiday Show, *Christmas Time's A-Coming*, to Hiawassee.

The scene was set as the stage was decked out in Christmas trees and the feeling of Christmas was in the air.

As the Oak Ridge Boys walked out on stage, the lights on the stage were turned off and they went right into a beautiful rendition of *Christmas Time's A-Coming* from their new Christmas CD by the same name. (Gaither Gospel Series).

The lights went on and the fans went wild. This opening act set the tone for the remainder of the evening as the fans were on their feet, clapping, screaming, whooping, and snapping photos throughout

the show.

"We've been coming here for a lot of years, but this is our first time here at Christmas. We are real glad to be here in Hiawassee, Georgia and very excited to be performing our Christmas show for you," said tenor Joe Basall.

## Kendall cuts county taxes again for 2013

By Libby Shook  
Towns County Herald  
libby.tcherald@windstream.net

In a special called Commissioner's meeting on Wednesday, Nov. 28th, Commissioner Bill Kendall announced that he will cut county property taxes \$275,000 for a 6.32 percent tax decrease on the county portion of Towns County residents' tax bills.

Figures presented to Towns County Tax Commissioner Bruce Rogers via a letter sent by the Commissioner's office and signed by the Commissioner, read, "This is to confirm that on Nov. 28, 2012, Towns County set the millage rate for the 2012 tax digest at 5.27 mills for maintenance and operation for Towns County."

The figures presented included the 5.270 mills levied on the 2012 tax digest which resulted from the 6.812 mills of revenue needed less the 1.862 mills anticipated from the 1 percent local option sales tax.

He also included the set millage rate for the operation of the Towns County Fire Department which was .497.

This will bring in the same revenue for 2013 with no anticipated changes.

Kendall also presented the millage rate set by the Towns County Board of Education on Nov. 21, 2012.

The school board set the rate at 6 net mills levied on the 2012 Tax Digest for school maintenance and operation.

Rogers, who was also present at the meeting to address residents' concerns and answer questions regarding their 2012 taxes, said that he would be "submitting the digest to the state on Thursday, November 29th for approval."

"Tax bills should be on the streets by the 10th of December and citizens will have until Feb. 20, 2013 before they are due," said Rogers.

He also said that bills

**Commissioner Bill Kendall**

paid by Dec. 31st would qualify for a tax exemption on 2012 income tax returns.

According to Kendall, "This tax decrease will result from a combined reduced tax digest due to recession related decrease in property values and reduced property tax assessments."

Kendall's cut in tax mills levied to 5.270 mills, which according to Kendall is "one of the lowest county tax mill rates in the state, if not the lowest."

Due to a decrease in the tax digest, the "roll back" millage rate would be 5.629 to bring in the same amount of tax revenue in 2013 as was brought in for the 2012 budget.

Kendall is cutting the tax mills by the "roll back" amount of .309 plus an additional .050 for a total tax millage cut of .359 or \$275,050.

This good news comes at a time when many folks in Towns County are facing economic hardships and will help lessen the burden on their pocketbooks.

Kendall said, "I am committed to continue to closely monitor spending during this ongoing recession in which citizens are facing financial hardships."

"I will adopt a 2013 budget that will hold the line on reoccurring general fund expenses at the 2012 budget level. Any revenue shortfall as a result of this tax reduction on the county portion of citizens' tax bills will be made up from the county's 'rainy day' operating reserve," said Kendall.
